Seminar: How to Compost at Your Highlands Home

Sunday, Feb 20, 11am-12pm
In the SYRC Parking Lot

Learn how to turn your food scraps into rich soil for your garden or pots and keep organic waste out of landfills where it produces greenhouse gases.

Resilient Palisades member and compost expert **Valeria Serna** will show us how to set up a vermicomposting system in an Urban Worm Bag. This self-contained system is perfect for a home or condo where space for a conventional compost pile might not be available.

Questions? email Susan Kanowith-Klein at skklein@ucla.edu.
