

# Secure Neighborhoods Active ← through Prevention

Active prevention steps from ACS to reduce property crimes by securing personal property and eliminating opportunity for crime to happen!

## 5 Steps to Reduce Property Crime

### 1. Secure Your Valuables

Make sure all entry points to your home or vehicle are locked and always keep items of value secure and out of view.

### 2. Utilize ACS Patrol Services (if you are a subscriber)

Use Vacation Watch while you're away from home, request Escort Services if you're getting home late or alone, and report suspicious activity 24-hours a day for Patrol Response.

### 3. See Something, Say Something

No one knows the immediate area around your residence like you. Always share any suspicious observations – the key to a safer community is communication!

### 4. Deterrence Begins with You

Utilize all aspects of your ACS Security system, like activated outdoor smart lighting, motion activated camera systems, and always arm your system – even when you're at home.

### 5. Awareness

Always stay aware of your surroundings, including the people, vehicles, and activity in your community.

**At ACS Security, we're proud to promote safer communities and 24/7 protection.**

# Secure Neighborhoods Active ← through Prevention

Protect your home and family from burglary and theft with these preventative measures from ACS Security.

## Steps to Burglary Prevention

**Install and use a monitored residential alarm system that:**

- Covers all entry points to the residence
- Provides coverage for all bedrooms
- Dispatches ACS Patrol as the primary responder on all activations

## Steps to Theft Prevention

**Reduce the risk of property loss by:**

- Securing open garage doors when not actively attended
- Never leaving items of value unsecured in plain view
- Securing vehicles whenever left out of direct view, even inside garages
- Cataloging all personal items of value and store small items of high value (such as jewelry) in a safe or lockbox

**At ACS Security, we're proud to promote safer communities and 24/7 protection.**
