

New Entry System

Entry System Replacement

Along with remaining post-fire remediation efforts, SYRC is replacing its entry system. Due to the age of our current system, we have been seeing increasingly expensive maintenance and replacement parts that are no longer being made and offered by the manufacturer.

The new system will still be primarily keycard-based. Any keycards in your possession currently will no longer work, as different keycards will be required for the new system. Each member household will receive one (1) complimentary keycard for the new system. Any additional or replacement keycards will cost \$10, payable via check only - made out to "Santa Ynez Recreational Center."

The new system also allows for a smartphone to be used as a means of access. This will be an additional option offered to members to use as an alternative to a keycard. A homeowner can purchase a "license" which is assigned to one single device. For a license to utilize a smartphone, members must pay \$20 per license, payable via check only - made out to "Santa Ynez Recreational Center"

The complimentary keycard will be issued once SYRC membership verification is completed, which can be done by visiting the Rec Center in-person and speaking with a staff member. Renters must have the homeowner contact SYRC management by calling 310-459-4083 or by emailing syrkdir@gmail.com.

Please don't hesitate to reach out with any questions regarding the change to the new system!

For **updates**, email the rec center at syrkdir@gmail.com
